

Searching For Homeschool Material?

We encourage you to shop local and support our authorized resellers during the back-to-school shopping season. Did you know that for every \$100 spent, \$68 will be returned to your community through taxes, payroll and other expenditures? Here are some other reasons to shop at your local store...

- Pick up items like manipulative kits, flashcards, maps and more resources all in one stop.
- Meet other homeschoolers in the area.
- Help support local businesses who support homeschooling.
- Save money on gas and entry fees from homeschool conventions.
- Take the opportunity to look and review before making your purchase.
- Invest in your community.
- Take advantage of the many giveaways and other promotions your local store is offering.

Don't forget that if by chance your store does not have the material on hand, they can special order anything you need. For questions call 1-800-523-0988 or visit one of the AOP certified retailers listed below!

Please forward this list on to other home educators you know. Let's all help support our local retailers! Have a great school year!
